SKILLS

- **Languages**: Java, C++, JavaScript, C, PHP
- **Frameworks**: HTML and CSS, Bootstrap, NodeJS, React, Express
- **Tools/Platforms**: MySQL, MongoDB, Git, GitHub, Canva
- **Soft Skills**: Problem-Solving, Team Player, Critical Thinking, Adaptability

PROJECTS

- **QuizArena – Real-Time Quiz Competition Platform | GitHub** *Nov' 2025*
  - Developed a full-stack quiz platform using the MERN stack that enables quiz creation, timed participation, and instant score evaluation through an interactive and responsive user interface.
  - Implemented secure authentication with JWT, OTP-based email verification, and password recovery workflows, ensuring protected user access and reliable session management.
  - Enabled real-time multiplayer quiz sessions using Socket.io, delivering live leaderboards, synchronized gameplay, and low-latency communication between hosts and participants.
  - **Tech Stack:** MongoDB, Express.js, React, Node.js, Socket.io, Tailwind CSS, JWT

- **Exam Impersonation Detection System by using QR Code Scanner | GitHub** *Mar' 2025*
  - Engineered an authentication-focused examination security system that links candidate data with registration records, designing hall tickets with unique QR codes for seamless mobile identity verification.
  - Evaluated weaknesses in manual verification workflows and structured a complete digital pipeline by developing the scanning module and real-time authentication logic to improve overall system performance.
  - Reduced impersonation attempts by enabling fully automated candidate validation, ensuring a high-performance identity verification process across the entire digital ecosystem.
  - **Tech Stack**: HTML, CSS, JavaScript, PHP

TRAINING

- **Basics of DSA using C++ | Centre for Professional Enhancement | Certificate:** *Jun' 2025 – Jul' 2025*
  - Gained a solid understanding of core data structures including arrays, linked lists, stacks, queues, and trees algorithms such as searching and sorting.
  - Practiced implementing these concepts in C++, improving problem-solving speed and writing more efficient, performance-focused code for various technical applications.
  - Built hands-on experience with C++ features and memory management while developing comprehensive solutions for real time and algorithmic challenges.
  - **Tech Stack:** C++

CERTIFICATES

- Cloud Computing | NPTEL | Link *Oct' 2025*
- Introduction to Hardware and Operating Systems | Coursera | Link *Sep' 2024*
- The Bits and Bytes of Computer Networking | Coursera | Link *Sep' 2024*
- Computer Communications | Coursera | Link *Aug' 2024*

ACHIEVEMENTS

- **Earned a 5-Star Rating in C++ on HackerRank:** *Nov' 2025*
  Demonstrated strong problem-solving skills by completing algorithmic challenges and securing a verified 5-star rank on the global leaderboard.

- **Ranked 660th as an Open-Source Contributor in GirlScript of Summer Code (GSSoC):** *Oct' 2025*
  Placed among the top 22% contributors by actively resolving issues, improving code quality, and enhancing documentation across multiple community-driven open-source projects.

EXTRA-CURRICULAR ACTIVITIES

- **Served as Meeting Manager for the Infineon Club (CPE):** *Nov' 2024*
  Coordinated and organized club meetings and events, ensuring smooth execution, clear communication, and active participation, while ensuring each session delivered productive outcomes aligned with club's goals.
- **Successfully Conducted Two Technical Events under the Infineon Club (CPE):** *Aug' 2024*
  Led and managed Tech Bash and Intellect Nexus, engaging 35–45 students through hands-on activities and interactive sessions, contributing to technical enrichment and community building within the university.

EDUCATION

- **Lovely Professional University** *Punjab, India*
  Bachelor of Technology - Computer Science and Engineering: CGPA: 7.83 *Aug' 2023 - Present*

- **St. Anne's Convent School** *Chandigarh, India*
  Intermediate; Percentage: 78.8% *Apr' 2021 - Mar 2023*

- **St. Anne's Convent School** *Chandigarh, India*
  Matriculation; Percentage: 92.6% *Apr' 2020 – Mar' 2021*
